BINDING

 · assent: sovereign assent · subject: vjs-v2-kernel-determinism

Kernel must remain deterministic, model-free, and network-free.

Kernel must remain deterministic, model-free, and network-free.

DIRECTIVE	ACTOR	MUST
D1	agent	keep kernel deterministic
D2	agent	keep kernel model free
D3	agent	keep kernel network free

FORBIDDEN
add model call to vjs core
add network call to vjs core
add vector search to vjs core
add llm judgement to vjs core

vjs-core must not contain model calls, network clients, or vector search. Model interaction belongs in vjs-mcp or external adapters.
